All breaches of this code of conduct will be dealt with by the clubs disciplinary committee and where applicable the league disciplinary committee.

In addition to the leagues code of conduct Tintwistle CC have a ZERO tolerance to any threatening or abusive behaviour (both physical and verbally). Any instances of this against any player on the cricket field will be dealt with immediately by the club and the individual will be asked to leave the ground with immediate effect (regardless of the position of the game). If appropriate the police will be informed and assistance from them requested.

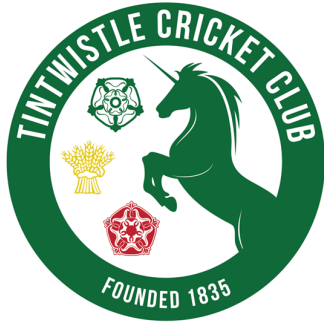

Dressing Room

All Tintwistle players and visiting players will treat the dressing room facilities with respect and leave them in the state they were found.

Again, any instances of physical or verbal abuse within the dressing room will be dealt with as per the above.

Child welfare within these environments is also paramount to the club. All junior players should only be in the dressing room when an appropriate adult is present (parent or DBS registered individual such as captain, coach or Safeguarding officer). For further information on our Safeguarding policy please see below.
